

2024 Global English Education China Assembly

Theme: Promoting quality global English education in the AI era

July 25-28, 2024

Zhuhai, China

In the age of artificial intelligence (AI), promoting quality global English education takes on new dimensions and challenges. AI technologies have revolutionized various aspects of education, offering personalized learning experiences, adaptive feedback mechanisms, and vast repositories of educational resources.

The 2024 Global English Education China Assembly will focus on the connection between AI, English language education, and global perspectives. This conference offers invaluable opportunities for professional growth to English language educators globally. Participants will broaden their global outlook by sharing ideas, research, and practices, while also staying updated on current trends in the field and expanding their professional networks.
